

Better Phone Service Goal Mokena C. Of C.

Better telephone service for the community is one of the goals of the Mokena Chamber of Commerce.

There are some residents who desire more extensive non-toll service than is now available. Frankfort and New Lenox are the only towns a Mokena resident may call without paying toll. Frankfort and New Lenox can call a number of communities, including Joliet, without a toll charge.

Mokena filed some petitions with the Illinois Bell Telephone Co. a couple of years ago asking for an extension of toll-free service and it is expected that additional petitions will be circulated again. That business

goes thru the Illinois Commerce Commission.

At the October meeting of the Chamber of Commerce where the subject of telephone service was brought up the chief emphasis, however, was on how to eliminate the present system of going thru an operator in making outside calls and place them by direct dialing.

A. J. Schager, Illinois Bell manager of the Lockport district, in which Mokena is included, attended this meeting. He heard numerous complaints voiced that operator response is unsatisfactory and that getting numbers outside the direct dialing range are frequently exasperating experiences.

The operators that serve the Mokena subscribers are located in Chicago Heights.

When one dials a number -- say in Joliet -- from Mokena, he waits for an operator to come in and record his number and the the connection is finally made. If five rings are registered before an operator answers the caller gets a busy signal so he has to re-dial his number and wait for the operator again.

Sometimes the operator answers immediately, sometimes a caller may wait thru two or three "busy signals" before getting an operator. About that time many callers cease attempting to get the number on their own and place it with an op-

erator direct. Usually this works very well except that occasionally, it was reported, the equipment isn't working or the operator apparently is out for lunch or coffee, and the caller waits and waits and waits.

"This causes one to wonder if this might happen in an emergency," a Chamber spokesman said. "I have had to wait so long for an operator that if I had been depending on her to call the fire department, the police department, or get a doctor or ambulance for me, as they do in the ads, it would have been too late and the only one left to call would have been the undertaker."

there was some delay in getting him it would not matter."

Schager said that the telephone company is cognizant of this problem and he is doing everything in his power to speed up the time when Mokena can have direct dialing on outside as well as local calls. He cannot give a firm date on which this new equipment will be ready, he said, but will make such an announcement as soon as he gets the word.

In the meantime, he said, strong efforts are being made to improve the present system in which the operators come in on outside calls.

Should Mokena phone subscribers get more extensive toll-free service they will have to pay a larger monthly bill, it was explained. How much this would be would depend on what service was offered. Present business service in Mokena is \$7.50 a month as compared to \$13.50 at Frankfort.

A residential phone at Mokena costs \$3.90 a month while at Frankfort the charge is \$5.40. This doesn't mean that Mokena would pay the same rate as Frankfort, it was explained, but it would be more than the present charge. Some persons would benefit, it was agreed, and some wouldn't.

Knights Cross-Country Team In State Finals

A new district cross-country champion was crowned in the meet held at Lincoln-Way High last Saturday -- the host school.

The Knights cross-coun-

try team has been going great guns this year and finished in the district meet with a score of 87, which was five points better than the 92

scored by Rich East, defending champion.

The winner and runner-up in district meets go to Champaign - Urbana this Saturday to compete for state honors. In addition to the teams five individuals also won their way into the state finals, Scott Glasscock, Joliet East, who was clocked for the 1.99 mile distance in 11 minutes, 7.4 seconds; Bill Reeves, Sandburg, 11:15; Roy Brody, Thornton, 11:16; Blaine Jones, Homewood - Flossmoor, 11:19; and Al Parchem, Lincoln-Way, 11:22.

Bloom and Sandburg teams tied for third with 103 points in the district meet; Homewood - Flossmoor had 124; Thornton of Harvey, 156; Joliet West, 205; Rich Central, 206; Joliet Central, 237 and Joliet East, 300.

The Lincoln-Way team is made up of Parchem, Steve Mangun, Gary Moss, Tom Bobble and Dave Merrick. There were 182 runners in the district meet.

given two years in which to buy the property.

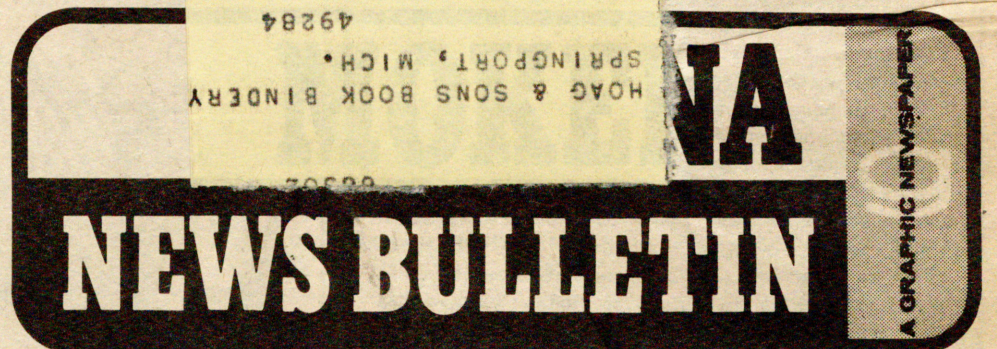

It has been pointed out, however, that a property owner who lets the two years go by, tax sale or "scavenger" sale he may have to pay dearly to redeem the property. Some of the buyers use their position like a shotgun and make the owner really pay.

The procedure now is to first publish the delinquent lists. Then County Treasurer Clarence Lipman will go into court Nov. 20 for an order to proceed with the sale and the sale itself will be held Nov. 27, at his office in the Will County court house at Joliet.

Delinquent Tax List In Nov. 9 Edition

Next week's edition of this newspaper will carry the list of delinquent real estate taxes in Frankfort and New Lenox townships. They will also carry the "scavenger list" in the two townships. There is an Illinois law nicknamed "The Scavenger Act" under which property on which no taxes have been paid nor has been sold for taxes, can be sold in conjunction with the delinquent tax sale as a means of getting said property back on the tax rolls. This will be the first time in 10 years that a "scavenger" sale has been held in Will County.

Even under The Scavenger Act, however, an owner is

L-W Thrills Homecoming Crowd With 7-0 Victory

Lincoln-Way varsity football teams provided the student body and alumni with a special gift last Saturday -- a victory to celebrate Homecoming.

The Knights took the Evergreen Park Mustangs 7 to 0 on a wet and muddy field. The first quarter ended in a scoreless tie but in the second frame Randy Davis, co-captain of the Knights, flopped on a Mustang fumble on the visitors' 3-yard line, from where Paul Fleck went over for the touchdown in two carries. Jim McCure kicked for the extra point.

Lincoln - Way's defense was too much for the Mustangs. The Evergreens managed to pick up seven first downs to five for the Knights but the advantage in total

yardage gained lay with Lincoln-Way -- 111 to 55.

The Mustangs had some gainers off spread pass formations but couldn't go anyplace thru the middle. Evergreen Park's gain came for the most part in their own territory and never got beyond the Lincoln-Way 45-yard line.

Jim Smith recovered a Mustang fumble on the Mustang's 34 in the first period but the Knights were unable to advance beyond the 15. Early in the second quarter the Knights managed to carry the ball to the Mustang 38 but a 15-yard penalty halted that movement. Later in the quarter came the fumble that was to spell disaster for Evergreen Park and victory for Lincoln-Way.

In the third quarter the visitors had a first down on the Knights 45 but fumbled and the ball was grabbed by Smith. After that the Mustangs failed to advance beyond their own 42.

Harold Webb who did the punting for Lincoln-Way averaged 30.5 yards a kick to keep the Mustangs deep in their own yard.

This was the first conference win of the season for Coach Bill Vogel's charges and they hope to repeat this week against Reavis.

The Mustangs who had held the strong Bremen team to a 7-7 tie and had been favored to win against Lincoln-Way.

The footing Saturday was treacherous and passing was a big gamble. Lincoln-Way failed to gain a yard by passing while the Mustangs had to be content with 30 yards. Lincoln-Way made 111 yards rushing while holding Evergreen Park to 45 on the ground.

Fall Foliage Takes On New Hue - White

Signs, omens and superstitions involving weather are legion. And if the one that looks to the date of the first snowfall to determine the number of snowstorms one may expect in the winter the magic number is 26.

The season's first snow fell last Thursday and it wasn't one of those flash-in-the-pan flurry jobs. Given frozen ground to fall on and the snow probably would have been a foot deep or more.

As it was, falling on comparatively warm ground -- certainly there was no frost in it -- the snowfall varied in the area from a 3-inch to a 6-inch cover. And that is a lot of snow for this time of year.

It was a heavy, wet snow and its weight caused considerable damage to trees and power lines. Electrical service was interrupted at Frankfort and New Lenox

among the other spots where trouble occurred in Will County.

Snow flurries in the fall are not uncommon usually before there is any heavy fall the leaves have disappeared from the trees and the bare branches do not carry much of a load but with so many trees still in full leaf the snow brought branches drooping almost to the ground and hundreds of branches were snapped off.

Streets were filled with slush and Friday morning was ushered in with traffic snarls and mishaps in many localities.

As far as 26 more snowstorms this winter because the first snow came Oct. 26 and continued thru the early hours of Oct. 27, there have been years when the first snow fell on the 1st or 2nd of a month and dozens of snows followed, it was pointed out.

Interior Design Corner ... GET A ROOM STRETCHER

Wouldn't that be a popular item? If only it existed! You can be sure the first person to develop a room stretcher will make millions. With the cost of home building what it is today, large rooms have become a luxury.

There are several ways to give NOEL E. SMITH your rooms the appearance of greater size should they be less spacious than you'd like.

Light backgrounds make rooms appear larger, and so does a simple clean-cut drapery treatment. Wall-to-wall carpeting also adds "size" to a room. Horizontal lines in drapery, wallpaper or sofa upholstery used across the narrow end of a room will do much to make a long, narrow room appear wider, resulting in a feeling of greater space. Furniture arrangement is important too, as is furniture scale in relation to room size. This does not mean you are forced to use midget-size furniture in a small room and be uncomfortable ever after. We have many well designed pieces of furniture available today which are very tasteful and comfortable, yet not massive or overpowering. Clutter should be avoided in a small room; fewer pieces of the correct size will prove much more attractive. If bookcases are needed, avoid the heavy looking floor standing models. Instead, use wall mounted shelves that have a "suspended" look.

These are but a few of the things to watch for when furnishing and decorating a small room. If you are planning to decorate a problem room, don't hesitate to call for our decorating service. We do not have a room stretcher. However, our Decorating service can be of immeasurable help in solving your problems.

CROP Gives Report On Year's Program

Charles E. Deutschman of Elwood, chairman of the Will County Christian Rural Overseas Program, reports that many people have been aided thruout the world by the program this year. A late summer earthquake in Apure

Province, Venezuela, prompted a disaster response of \$2,000 from Church World Service. CROP is the food and self-help community appeal of the Service. The earthquake killed approximately 200

persons and injured another 3,000. More than 100,000 Venezuelans were affected by the quake.

This year, \$1,000 was granted to help victims of late spring floods in Djakarta, Indonesia. More than 7,000 persons were rendered homeless in the Ambon area. In 1968, the Vietnam Christian Service will receive at least \$400,000 from the Church World Service.

Church World Service has made available from its Houston Texas warehouse 800 blankets urgently requested for use in relief of flood victims following Hurricane Beulah. Five hundred are for use in Harlingen, Texas, which was cleaning up after Beulah when it was hit again, this time by a 40 foot wall of water from failure of a low diversion dam. Expenditure of \$1,500 was also authorized from disaster funds to cover shipment

of 15,000 pounds of clothing for the flood victims in Texas.

Altho the 1967 Campaign in Will County will officially kick off at a meeting at 7:30 p.m. Nov. 16 in the Farm Bureau Building at 100 Manhattan Road in Joliet, gifts may be sent in now to Mr. Deutschman. Cash or commodities are needed to meet the needs of people in other lands who are victims of poverty or disasters. During the past week, one acre of soybeans was given to Friendship Acres from Mrs. H.W. Palmer and Harlow Nicholson, Route 1, Elwood.

Herman Lindholm of Naperville, is chairman of the Friendship Acres division of the campaign. Contributions in the form of elevator slips or other arrangements can be made with Mr. Lindholm. The commodities are then gathered, processed and sent overseas in various forms.

We want to help.

Part of our job is making sure that all our customers have full and unhindered use of their telephone. Sometimes we have to do something a little special to bring phone service in line with a person's restricted abilities.

For example, we've developed services to help people who are blind, hard-of-hearing, or have impaired vocal cords. And we've priced them with no intent to profit. Some regular services—such as Speakerphones or automatic dialers—may help people who are paralyzed or bedfast. In addition, we've designed special equipment for individual needs.

But there are a lot of problems we don't even know about. If you have any trouble using your phone,

It Takes A Lot Of People To Stage A School Play

BY MARY HALBACH

A new show with some new actors will be staged at Sandburg High School Nov. 10 and 11. New costumes and new lines are being tried out at nightly rehearsals. But behind the scenes are many of the same loyal people who are indispensable in giving a good show.

Backstage committees for the fall play, "The Solid Gold Cadillac," are the make-up committee, stage crew, and props committee.

The make-up committee is on the job at both dress rehearsals and performances.

In charge of painting the faces of the actors is senior Gretchen Merwin. On her committee are Karen Boyle, Donna Hart, Gail Bartkowski, Marcia Tanis, Druscilla Radosevich, Barb Hilbrecht, Donna Szufnarowski, Barb Treadway, Virginia Graffeo, Sue Becker, and Louise Gee.

Gretchen feels that being on the make-up committee is the closest thing to being in a play. She also said, "I get a big kick out of it!"

"I think it's fun!" said junior Janet Coleman, props committee head. "We have to find all the props," said Janet explaining the duties of her crew. This may include contacting people who have the necessary items or making the props themselves.

From her crew, Janet selects a backstage committee. These people work during the performances to change sets for scenes and make sure that the actors have all the necessary props on stage.

Those working with Janet are Kelsey Paulus, Sharon Luebking, Chriss Ostrowski, Marie Plescher, Diane Wick, Cindy Bengson, Linda Black, Pat Rhodes, and Teresa Richard.

Ken Bowen, chairman of the stage crew says, "It's a great experience working with all this stuff." Ken's committee consists of Pete Grenier, Jim McMahon, Scott Luebking, Mike Wise, and Dan Frohlich.

This group is in charge of proper lighting for the show and sound effects. They also assist with props.

Little gold Cadillacs are decorating the halls of Sandburg. This is mainly the work of publicity committee chairman, Lynn DeBacher. Under Lynn's direction are Jody Hucko, Silvia Richardson, Bob Slater, and Rhonda Haag.

All these backstage people deserve much credit for the success of a production.

"The Solid Gold Cadillac" will be given Friday and Saturday, Nov. 10 and 11 at 8:00 p.m. in the Carl Sandburg High School boys' gym.

Homeowners Assoc. To Elect Officers

JAMES PEYTON
Telephone: 532-1516
Once again it becomes necessary for me as President of the Tinley Gardens Home-Owners Assoc. to make arrangements for the annual Election of Officers for the year 1968. The offices of President, Vice-President, Secretary and Treasurer as well as two Board Members will be vacated and as you all know these jobs must be filled from the active membership. The Election will take place Nov. 6 at the home of Julius

Sandy - 9307 Ethyl Lane at 8:00 p.m. and from all appearances all nominations for all positions will be from the floor so let's all come out and help elect the best qualified personnel to run this organization for the next year. A lot of people think that this organization does no good for a community, however, a community is only as good as the people living in it so let's show them that we are the best.

The annual Halloween Party was held last Saturday

night and was considered successful, however, it was a much smaller affair than last year and quite a few of our friends attended parties elsewhere. We had games and prizes and plenty of good refreshments and just enough people attended to make it a nice party and not an overloaded affair.

There have been many cases of illness that have been unreported these past few months and a lot of these are my fault for not being home enough to find these

out. In the future if anyone knows of anyone that is ill please let me know about it as you cannot work 40 hours away on one job and then go and do 40 hours on another job and keep in close contact with your friends and neighbors.

I received a card from Seaman Richard Sandy the other day and he is doing real good on this Mediterranean Cruise. He was on a three day stopover at Naples, Italy and says he will see us at Christmas Time.

Also received a letter from son Howie, (Airman 2nd class James H. (Howie) Peyton, Jr.) in which he informed us he has been promoted to the rank of Airman 2nd class which is the second promotion in 10 months for him. He also says he will see us at Christmas Time and also he wishes to say hello to all of his friends as well.

Also returned home after two years at DaNang and ConThien in Viet Nam is my nephew Sgt. Alan B. Bechtel of the First Marine Division. He will be stationed at San Diego till his hitch is over in about August of 1968. Let's give these boys all a big hand.

First Nighters To Meet Nov. 2, 8 p.m.

MRS. EDWARD HOVI
Telephone: 479-5740

The First Nighters will hold their November meeting tonight, Thursday, Nov. 2, beginning at 8:00 p.m., at the home of Mrs. Mary Bucher on Beechnut Drive.

The annual Fun Fair, sponsored by the Summit Hill Parent-Teacher Group, was held at the school Friday evening, October 21. It was an unqualified success, with almost everybody from Arbury Hills and surrounding area attending.

There will be a Book Fair at the next meeting of the Summit Hill Parent-Teacher Group. It will include books for all ages and all reading wants. It is in connection with National Education Week.

The Hot Dog Days at the school continue to be a success due to the hard work and determination of Mrs. John Jager and her committee of ladies. Thanks, ladies!

Ronald Rubensam of Crab Apple Lane is recovering slowly from multiple burns on both legs and feet caused when he attempted to extinguish a prairie fire three weeks ago.

He has undergone one skin graft operation so far, and is scheduled for two more

before he is through. His folks have been given hopes that he will be able to come home from the hospital by Christmas.

He is at the Engalls Memorial Hospital in Harvey, and, I'm sure he would like to hear from his friends. He will be able to receive cards and letters at the hospital.

The Cadettes Girl Scouts had an early Halloween Party at the home of the George White Family on Beechnut Drive on Friday evening, October 27. The girls came in costume and let their imagination take off. Lots of fun for all.

Gerry and Bill O'Neill formerly from Oak Street in Arbury Hills and now living in Palatine, became the parents of another son whom they named Brian Thomas on October 11. The new son was born on Gerry's birthday. Now that's an original birthday present! Congratulations!

Prepare For Annual Census

All U.S. post offices -- 32,000 of them -- will again take part in the annual program of listing addresses of aliens residing in United States territory. The program is scheduled for January.

Each post office will have address cards - a manila punch-card similar to that used last year -- which will be available to aliens, beginning Jan. 1.

The cards are turned into the postmasters who in turn forward them to the Immigration and Naturalization Service.

Krusemark Farm Bull Receives High Honor

Silver Medal Production Sire recognition has come to a Registered Holstein bull owned by Albert H. Krusemark, Osage Farms, Frankfort, reports the Holstein-Friesian Association of America. Silver Medal designation is based on the demonstrated productive ability of the bull's registered daughters on official test, as compared with that of their dams and the production level of the entire Holstein breed.

Osage Farms Frasea Master 1398733 (GP), is now among the comparatively few sires to be so honored in the history of breed improvement work of the Holstein Association.

Advanced Registry, Herd Improvement Registry, or Dairy Herd Improvement Registry testing records are used in at least 10 pairs of daughter-dam comparisons in calculating the sire's recognition.

The groups of daughters must have at least 15 production records from the three official testing programs, as supervised by state agricultural colleges.

All records of both daughters and dams are converted to the commonly accepted two-milkings-per-day, 305-day, mature equivalent basis for comparison purposes in Silver Medal Production recognition.

On this basis, "Master's" 11 daughters compiled an official production average of 16,888 lbs. of milk and 597 lbs. of butterfat.

Mokena Lions Hold Annual Cake Sale

Annual fruit cake sale of the Mokena Lions Club will begin Sunday, Nov. 5. It will continue thru Saturday, Nov. 11.

During that period Mokena residents can expect to have some member of the Lions Club to stop at his door with a cake to sell. These cakes sell for \$3.50 each and purchasers in the past attest they are easily worth it.

James Marti is chairman of the sale this year. He has announced the list of team captains: William Bradley Jr., Robert DeForest Jr., Edward Haislet, Kenneth Heim, Al Mitchell, Louis Rauch, Roger Schultz, Roger Wellman, John Weber and Don Wilson Sr. The latter is a resident of Arbury Hills; all the other are Mokena residents.

Proceeds from the cake sale are used by the Lions to help finance numerous charitable and welfare projects. The Lions make money in various ways but the fruit

cake sale is one of its major sources of revenue.

The Lions of Mokena are contributors to Trinity School for Retarded Children and also donate time and money in furtherance of a sight-saving program. The Lions also strive to make Christmas a happier time for needy persons and they provide Christmas trees for the schools.

The Lions are are selling fruitcakes now so that purchasers will have a little time to do a little home doctoring if they choose. Some people contend that judicious application of various brandies, Jamaica rum or bourbon to the exterior of a fruit cake add to its flavor. Curing a fruitcake in this manner takes time and while one may not be able to get the right effect by Thanksgiving he should be able to do fairly well by it for Christmas, according to those who have treated cakes in this fashion.

Husband's Affections Valued At \$250,000

A judgment of \$250,000 has been awarded by default in the Cook County circuit court to an Orland resident who was the plaintiff in an alienation of affections suit.

Mrs. Gertrude Schuessler, wife of Dr. Elmer W. Schuessler, 64, a dentist, has filed suit for divorce charging him with desertion and adultery. The judgment

in the alienation of affections suit was returned against Miss Diana Chandler, 20, also of Orland Park, a dental technician.

Schuessler practiced dentistry at 9755 143d St. He and Miss Chandler both disappeared July 20, according to testimony offered in court and allegedly went away together.

10 Easy Lessons In Sleeping On Petals

"Iolanthe", to be presented by the Lincoln-Way High School Mixed Chorus Nov. 9, 10 and 11, is another of the operettas done by Gilbert & Sullivan to be given by the vocal music students.

The works of Gilbert & Sullivan were quite popular in the '90's and early part of the current century and they are still being presented and drawing audiences. The music is always bright and the tunes catching and the lyrics are forever taking potshots at rank, tradition, politics and politicians.

The plot of "Iolanthe" does not spare the peerage and the House of Lords but the harpoons thrown by Gilbert & Sullivan are not hurled viciously.

The plot also deals with the fairies. Iolanthe herself is a fairy who married a mortal, which is strictly against the

rules and regulations of the fairies, and ordinarily would have been put to death but the queen changed the sentence to a life of exile which Iolanthe was doing on her head, in the bottom of a brook. Despite her quarters she carries on frequent conversations with her son Strephon, who is half fairy so he is immortal from his waist up but his legs are mortal.

The Fairy Queen lifts the ban on Iolanthe so the latter has free egress and exit in the plot. Stephon wants to marry Phyllis, a ward of chancery, and so do a whole crowd of knights, barons, counts, earls and dukes, including the Lord Chancellor whose ward she is.

That's the situation and if you are curious how it comes out go see the operetta. Anyway the plot is only incidental. The tunes are the thing.

The first of a series of preliminary reports was presented to District 230's board of education by Arlen Felchner, chairman of the Sandburg-Stagg study committee, at the board's recent meeting.

Committee members probed the flexible scheduling setup at Trezevant High School near Memphis, Tenn. Oct. 12-13. "It was probably the first time their school had been checked so thoroughly by a visiting team of educators," Felchner told the board.

Both Sandburg and Stagg

presently have limited flexible scheduling in which experimental groups of students may pursue independent study and activities during unscheduled time each week. About 100 juniors and seniors are "flexible" at Sandburg this year, and Stagg uses 20-minute modules (periods) of time to free many of its students for supervised work in areas of interest.

But neither District 230 school has gone flexible to the extent Trezevant has. The Tennessee school serves 1,469 students, grades 7-12. It is beginning its fourth year of flexible scheduling, and still has plenty of problems, the committee discovered.

Trezevant organizes its school day into 20 modules of 20 minutes each. Students are scheduled into 75 modules a week and teachers teach 80. Thus class length may vary according to needs of students and teachers; all classes do not have to be 55 minutes long, as they are in the typical school.

Trezevant students are unscheduled for 25 modules a week. Teachers are free 20 modules a week. One of the key advantages is that a student can get more individual help with homework and projects from teachers who are available during the unscheduled modules.

The committee will visit other schools in the area and in other states later. Besides flexible scheduling, they will look into grading, graduation requirements, requiring five subjects yearly, uses of data processing, and the 12-month school year.

Probing Trezevant were committee members Michael Coglianese, Sandburg's assistant principal; Martin Suchor, art department chairman at Sandburg; Miss Ruth Bardwick, Sandburg English department chairman; Miss Merri Meier, Sandburg business teacher; Miss Pauline Butler, Stagg's director of guidance; Lawrence Hedger, Stagg mathematics teacher; and John Cvengros, Stagg social studies teacher. Also on the committee are Mrs. Willard Coulter, Stagg business department chairman; Miss Cheryl Smith, Stagg home economics teacher; and Mrs. Judy Ross, Sandburg librarian.

In other business, the board approved by a 5-0 vote with one member not voting and one absent, the District 230's teacher association's request for an election to determine an exclusive bargaining agent to represent teachers in salaries and other matters.

The board learned that insurance will basically cover the replacement value

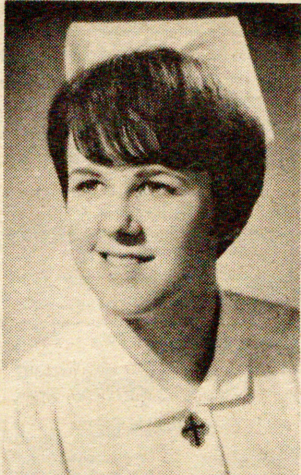

of business education equipment stolen at Sandburg by burglars Oct. 21.

The board adopted a policy concerning handicapped children. The Special Education Cooperative, of which District 230 is a member, has special classes to which students will be sent, unless the Cooperative does not offer a program that will adequately meet the needs of the individual student. Then, local special private schools will be considered, with the board paying transportation and tuition costs up to \$800 a year.

Three new busses have arrived and are in operation, Supt. W. O. Fisher said. A new bussing contract with Orland Park Elementary School District 135 was approved. "Some of our bus problems that we have been forced to live with because of small equipment, I hope can now be solved," Fisher said.

The board voted to approve the hiring of Gavin Painters of Palos Park to do exterior painting at Sandburg. The work should be concluded prior to the opening of school in 1968.

Stagg High's prospectus of an educational air tour of Washington, D.C., Mt. Vernon, and Annapolis, was given to the board. The trip will be Nov. 23-25, during a vacation period.

JANINE HAGEN, daughter of Mr. and Mrs. John Hagen, 129 Barbara Lane, New Lenox, has graduated from Presbyterian - St. Luke's Hospital School of Nursing.

Observer American Education Week

The Mokena Schools in observance of American Education Week, Nov. 5-11, are asking parents to raise the question -- "How Good Are Your Schools". This question is the national theme for this year.

Sponsored annually by the National Education Association, the American Legion, the National Congress of Parents and Teachers, and the U. S. Office of Education, American Education Week reminds each citizen that good schools are to a very high degree his own responsibility, it was pointed out.

All parents and friends are invited to visit the Schools at their convenience throughout the week. A bit night is being planned for interested grandparents and citizens. On Tuesday, Nov. 7, grandparents will be invited to come back to school. The meeting will be held at Willowcrest School. The tardy bell will ring at 7:30 p.m. The program will include a review of new educational

audio-visual teaching machines, tour of both Willowcrest and Carpenter Street schools, a ride on a school bus, and an opportunity to browse thru the Book Fair.

The following special events will take place during the week:

Monday, Nov. 6, Cole Marionette Show at Willowcrest, 9:30 a.m. and at Carpenter Street School, 1:15 p.m.

Tuesday, Nov. 7, Book Fair at Willowcrest School from 9 a.m. to 4 p.m. and 7 to 9 p.m., Grandparents night, 7:30 p.m.

Wednesday, Nov. 8, Book Fair, 9:00 a.m. to 4:00 p.m.

Thursday, Nov. 9, Book Fair, 9:00 a.m. to 4:00 p.m. and 7:00 to 9 p.m., open house at 7:30 for 6th, 7th and 8th grade parents.

Friday, Nov. 10, Book Fair, 9 a.m. to 4 p.m., Parent-Teacher conferences for parents with students in kindergarten thru 5th grades. Conferences will be held from 1 to 9 p.m.

NI-Gas Official Is Chairman Of A.G.A. Accounting Section

William J. Crowley, executive vice president and director of Northern Illinois Gas Company, has been elected chairman of the Accounting Section of the American Gas Association.

Crowley was named to a one-year term at the annual Accounting Section meeting during the 49th annual convention of the gas industry's national trade association. Some 4,000 gas industry executives, representing nearly every state in the nation, Canada, and countries in Europe and South America, are participating in the four-day event in Chicago.

A native of Joliet, Crowley has received four degrees -- a B.S. in commerce from Northwestern University in 1936; M.B.A. from Northwestern in 1946; J.D. from DePaul University in 1957; and an LL.M. from John Marshall Law School in 1963. From 1936 - 1951, he was lecturer in public utility and accounting subjects at Northwestern.

From 1926 - 1953, Crowley worked with Public Service Co. of Northern Illinois. He then joined Commonwealth Edison Co. When Northern Illinois Gas Company was formed in 1954, he became comptroller of the new utility.

He was elected vice president and comptroller in 1956, vice president of finance and comptroller in 1963, executive vice president - finance in 1965, and a director of the company later in 1965.

Crowley is also a director of NI - Gas Energy, Inc., and a director and vice president of NI-Gas Supply, Inc. Both companies are subsidiaries of Northern Illinois Gas Company.

In 1962, he was appointed by Gov. Otto Kerner to serve on the Special Advisory Council to the Department of Revenue of the State of Illinois. In 1966, Gov. Kerner appointed him chairman of the Citizens Committee for a New Revenue Article.

PARTICIPATING IN Lincoln-Way FFA Section 8 Parliamentary Procedure Contest held at Oswego, Ill., Oct. 25, are Marilyn Hicks, seated, acting secretary, and standing, left to right, Dan Brookman, Dave Crowder, (acting chairman), Chuck Hammerstein and Gary Ebert.

Lincoln-Way placed first in the over all team ranking with a total of 817 points.
